Casa Vallonia kicks off its first edition in Italy

On 21 and 22 June 2022, the first edition of **Casa Vallonia** arrived in Italy, a prestigious event that aims to embrace cultural, design, academic, economic and tourist themes at the same time, thus becoming a true showcase for the Walloon Region.

The event is organised by the **Walloon Agency for Exports and Foreign Investments**, in collaboration with **Wallonie-Bruxelles International, Wallonie Belgique Tourisme and the Belgian Embassy in Italy**. **Platform architecture and design** took an active part in the event, selecting **25 Italian design studios** that confronted Valloni companies, thus promoting an international exchange of ideas in order to stimulate new and profitable business activities.

The appointment in Milan, in the splendid setting of **Le Village** in Corso di Porta Romana, has been an opportunity to present Vallonia not only as an ideal destination in Belgium for foreign investors and tourism operators, but also as a partner of excellence in international trade, academic and cultural collaborations.

Casa Vallonia is an event born in 2019 in Spain, conceived by AWEx in Madrid; after the second Spanish edition that took place in November 2021, the event arrives in Italy. Taking place every two years, it will be itinerant in the main Italian cities.

As its name suggests, **Casa Vallonia** aims to be a home; a place where guests can exchange, relate and learn more about the region that welcomes them.

## **ARCHISTORY STONE LEAF UPHOLSTERY, ECO INSULATION FOAM, ALLO FIBRE CARPETS AND STONE LEAF LAMPS**

ARCHistory presents some of its flagship products such as Flystone natural stone leaf, Armacell 100% recycled PET foam for structural and insulation applications or their exclusive allo fibre carpets and finally their beautiful aluminium lamps.
